The Anti Shock cover is an aesthetic, high-quality product. The Anti Shock series is characterized by reinforced corners and an increased thickness of up to 1.5 mm. The TPU material used and the thickness of the cover guarantee greater protection for the phone against shocks and scratches. The cover is fully transparent. An additional rough inner layer prevents moisture accumulation and the cover from sticking to the smartphone casing. The Anti Shock series has cutouts for all ports and embossed areas for buttons. - The cover minimally increases the size of the smartphone. - It can be used successfully in car mounts. - It does not restrict the operation of wireless chargers and magnetic stickers. We remind you that a natural property of TPU (thermoplastic polyurethane) is the darkening process. This occurs after prolonged use or in contact with dyes. High exposure to sunlight also causes discoloration.

Specification

Brand: TFO
Colour: transparent
Warranty: 12 month

Attribute

- phone protection

Compatibility

- Google Pixel 10 Pro
- Google Pixel 10
