Buy now

The Anti Shock case is an aesthetic high-quality product. The Anti Shock series features reinforced corners and an increased thickness of up to 1.5 mm. The TPU material and the thickness of the case provide greater protection for the phone against shocks and scratches. The case is fully transparent. An additional textured inner layer prevents moisture buildup and adherence of the case to the smartphone's body. The Anti Shock series has cutouts for all ports and embossed areas for buttons. - The case minimally increases the size of the smartphone. - It can be successfully used in car mounts. - It does not restrict the operation of wireless chargers and magnetic stickers. We remind you that a natural property of TPU material (thermoplastic polyurethane) is the darkening process. This occurs after prolonged use or contact with dyes. High exposure to sunlight also causes discoloration.

Specification

Brand: TFO
Colour: transparent
Thickness: 1,50 mm
Compatible with MagSafe: no
Packages type: pouch

Attribute

- phone protection
- cutouts for ports
- precise cutout for the camera

Compatibility
