

Defender Slide case for Samsung Galaxy S25 Ultra black

GSM188871
5906961921161

Defender Slide is a reinforced case for smartphones that provides good protection for the device. The product consists of several layers that strengthen its construction. The case is made from PC, TPU, and features a built-in aluminum finger holder. The entire series has a movable camera cover that protects the lenses and ensures privacy. Additionally, raised edges protect the screen from cracking or scratching. The cases have necessary cutouts for ports and embossed areas for buttons. The frame has holes that allow for the attachment of a strap or lanyard. The Defender Slide case is compatible with magnetic mounts.
