The Decor case is made from a combination of two materials – TPU and PC, which provides excellent protection against damage. The dual-layer construction effectively safeguards the most impact-prone areas, while the additional rubber filling ensures a perfect fit for the device. The case not only protects the phone but also gives it a unique character with a durable print that does not wear off during use. The glossy finish adds elegance and increases resistance to daily use. The large cutout for the camera, along with raised edges, effectively protects the camera island and lenses from scratches and damage. Thanks to the precise fit, the case doAesthetic and handy Finger Grip cases are a unique series of products with a finger holder. The fashionable color scheme and the simple form of the matte cases create an attractive whole. The product is made of TPU, which gives it the right flexibility and durability. The finger holder has a metal insert, making it easier to mount on magnetic holders. The holder can also be used as a stand. The Finger Grip series features necessary cutouts, perforations for the speaker and microphone, and embossing for the side buttons. The case effectively protects against scratches from the outside as well as from the inside. The interior of the Finger Grip is filled with a material similar to microfiber. The device's security is further enhanced by the solid corners of the case. Depending on the smartphone model, the camera area is fully cut out or holes are made only for the lenses. not add significant bulk to the phone and does not restrict the use of car mounts.
