Silicon covers feature a matte finish that not only adds elegance but also provides a secure grip and reduces the risk of accidentally dropping the phone. They are designed with user comfort in mind, ensuring that their texture is pleasant to the touch, making phone usage even more enjoyable. A delicate microfiber lining offers additional protection against scratches and minimizes the risk of damage to the cover. Thanks to high-quality materials, Silicon covers are resistant to discoloration and damage, maintaining their attractive appearance for a long time. The covers have precisely crafted cutouts for all ports and cameras, allowing easy access to all phone functions without the need to remove the cover. They provide solid protection for the phone and its cameras, ensuring the device is adequately safeguarded. Perfectly fitted to the selected phone model with perfect coverage of every detail of the device. They do not restrict the use of wireless chargers and are compatible with most car mounts, ensuring full functionality of the device even while traveling. They are available in several color variants with a matte finish.
