Silicon covers feature a matte finish that not only adds elegance but also ensures a secure grip and reduces the risk of accidental slips from the hands. They are designed with user comfort in mind, so their texture is pleasant to the touch, making the use of the phone even more enjoyable. The delicate microfiber lining provides additional protection against scratches and minimizes the risk of damage to the case. Thanks to high-quality materials, Silicon covers are resistant to discoloration and damage, maintaining their attractive appearance for a long time. The covers have precisely crafted cutouts for all ports and cameras, allowing easy access to all the phone's functions without the need to remove the cover. They provide solid protection for the phone and its cameras, ensuring that the device is adequately secured. Perfectly fitted to the chosen phone model with perfect coverage of every detail of the device. They do not restrict the operation of wireless chargers and are compatible with most car mounts, providing full functionality of the device even while traveling. Available in several color variants with a matte finish.
