

Mercury Clear Jelly case for iPhone 16 Pro Max 6,9" transparent

BRA014012
8809972572438

The special design protects the edges of the touch screen and the back of the device, making the phone even more comfortable to use. The sleek design is ideal for anyone who wants to protect their phone in a simple and functional way. The user can easily operate the touch screen, adjust the volume, as well as take photos or record videos without removing the case. The special design protects the edges of the display, so you can place the phone with the screen facing down.
