

# Blaupunkt Profesional System Audio PA15

AKGGLBLAAUDIO002  
5901750501883

The PA15 professional audio system by Blaupunkt is a product created to meet the expectations of users who appreciate excellent sound quality in all conditions. Robust housing, a very powerful amplifier and high-quality transducers, including a 38 cm mid-bass driver, are just some of the features of this product that make it ideal for your company, gym, SPA or fitness centre, as well as for parties at home or in the garden. WIRELESS POWER The total musical power of the PA15 system is 700 W. This high value combined with the right configuration guarantees an unparalleled sound experience. Thanks to the built-in rechargeable battery, the PA15 can be used both wirelessly and via mains power. Battery life is 3.5 hours, while the time required for a full charge is 9 hours. Additionally, it is possible to connect an external 12 V battery via the rear panel socket. The built-in Bluetooth module allows you to play music wirelessly from most mobile devices such as smartphones and tablets. On the back of the casing there are control panel and set of connectors - AUX input and output, USB port and SD card reader with maximum capacity of 32 GB. So you can listen to music from all kinds of portable memory and mobile devices connected via cable. The device plays all files in MP3/WMA format. Thanks to equalizer with modes: normal, rock, pop, classic, jazz and news, you can adjust sounds to your liking. There are also knobs on the back panel for adjusting high and low frequencies. BUILT-IN FM TUNER If you don't have a portable device with music files or a Bluetooth module, you can still listen to music thanks to the built-in FM tuner with a memory for up to 99 radio stations. Such a large number will ensure that you do not have to search for your favourite station every time.
