The durable and compact design of the Toob 30 PLUS wireless speaker hides incredible power and sound quality inside. The size of the device will allow you to take it on a trip, to a party or to a workout without any troubles. At home, when we feel like relaxing with music, we do not need to organize a special space for the speaker. Just put it on to place where we are comfortable. Toob 30 PLUS will accompany us during outdoor activities, join us for a barbecue or an outdoor picnic. The solid casing performs well in outdoor conditions. The IPX7 waterproof rating allows the speaker to come out whole, even if it falls into water. With 30 watts of power, the Toob 30 PLUS Bluetooth speaker will play continuously for up to 10 hours! You can quickly recharge the battery via the USB-C input. The speaker's TWS function allows you to connect the same models together to emit the stereo sound. The portable speaker is equipped with Bluetooth of the latest version 5.2, AUX input and SD card reader. The Toob 30 PLUS BS-960 from Forever will prove itself in any situation.
