The perfect foam is the perfect coffee with the Huslog milk frother! Cappuccino, latte, or maybe hot chocolate? The Huslog milk frother will prepare the perfect foam or cocoa and allow you to enjoy your favorite drink. Function button with 4 operating modes – the device offers hot milk frothing at 2 levels, cold frothing, and heating milk, hot chocolate, or cocoa. Removable lid – complete user convenience is ensured by a fully removable lid with a sealing ring. Non-stick coating – the non-stick coating inside the frother makes its use and cleaning quick and easy. User convenience – the interior of the frother has markings for the minimum and maximum filling levels for heating and frothing. A comfortable handle makes it easy to pour the heated beverage or frothed milk. Elegant glossy finish – looks great in any kitchen. Double wall design – a solution that helps maintain the internal temperature of the frother. Automatic shut-off – the frother turns off after completing its work. This additional safety feature guarantees safe usage. Anti-slip feet – anti-slip feet at the base provide stability. Illuminated LED – indicates the selected operating program. Technical specifications: Model: AK-8022 Power supply: 220–240 V~ 50/60 Hz Power: 500 W Capacity: 120 ml for frothing, 240 ml for heating Main material: ABS, stainless steel Functions: Hot or cold frothing, heating Additional: Non-stick coating, double wall design, 0.7 m power cord, anti-slip feet at the base, removable lid with sealing ring Included: Base User manual
