HUS1029

The Panini Huslog sandwich maker is the perfect device for lovers of crispy, warm snacks inspired by Italian cuisine. Equipped with a grilling heating plate measuring 23 × 15 cm, it allows you to prepare one large or two smaller sandwiches at the same time. The non-stick coating guarantees even toasting and easy cleaning of the device after use. With a power of 1000 W, the sandwich maker heats up instantly and ensures even browning. Functional indicator lights inform you when it is ready to use, and the Cool Touch handle allows for safe operation of the device even while heating. The opening limiter keeps the top lid in a stable position, making it easier to place sandwiches. Non-slip feet provide stability on the countertop, and the built-in overheating protection enhances comfort and safety during use. The Panini Huslog is a quick and convenient way to prepare delicious homemade toasts with your favorite toppings - every day.
