Rebeltec gaming mouse PREDATOR

AKKSGMYSREB00007
5902539601435
RBLMYS00052

The REBLETEC PREDATOR professional gaming mouse has a high-precision SUNPLUS 190 sensor. Thanks to two additional buttons under the scroll wheel, you can quickly change the DPI on five levels up to 6400DPI . It is equipped with a total of 7 buttons and a scroll wheel. The mouse has a LED RGB backlight in 4 modes. Its weight is 128g. Teflon glides allow for quick and precise movements with minimal friction. The surface of the mouse is covered with a thin layer of rubber, thanks to which it lies better in your hand. The 1.8 m long mouse cable has a special braid, which makes it stronger and more difficult to entangle. The pressure force on the buttons is 70g . Designed to maximise accuracy and shooting frequency.
