Metal Gleam Series Imagine being able to turn your notebook or phone with a USB-C port into the ultimate work weapon. The adapter features a range of expansion options that will meet all your needs. The HUB is particularly useful if you struggle with a limited number of ports. It provides six additional ports: 3x USB 3.0, HDMI, USB-C PD, RJ45. It is worth noting that the HDMI connection is capable of displaying images in 4K resolution. By connecting a 100W USB-C charger to the HUB, we can quickly charge a laptop or tablet. The USB 3.0 ports allow for data transfer speeds of up to 5 Gb/s. The interfaces are optimally spaced apart, enabling simultaneous use of all connectors. The aluminum, smooth finish adds cutting-edge aesthetics to your home or office while providing unmatched durability. Parameters Model: Metal Gleam Series 6-in-1 Multifunctional Type-C HUB Docking Station Color: gray Finish: aluminum Dimensions: 115.5mm*44.5mm*16.5mm; cable length: 176mm Input power: 100W (max.) Ports: Type-C: 5V/9V/14.5V/20V 5A Max HDMI 4K30Hz 3xUSB 3.0 5 Gb/s RJ45 10/100/1000 Mb/s Input connector: Type-C Compatibility: Google Chrome OS, Apple OS, M1, Windows XP, 7, 8, 10, Linux, Vista Manufacturer code: CAHUB-CW0G Key Benefits: Solves the problem of constantly lacking free ports The HDMI port supports video resolution up to 4K/30Hz The USB 3.0 port allows for data transfer speeds of up to 5 Gb/s. The aluminum housing ensures product durability and dissipates heat. Power Delivery support - using the adapter does not lose fast charging capability. Professional and safe Plug & Play adapter (no drivers required) LED indicator signals the proper operation of the adapter. HDMI Port Transmits HD 4K quality image - ensuring incredible clarity of the finest details. With an HDMI port, users can watch movies, browse websites, use social media, listen to music, use Google Play applications, read books, and access digital television - all on their own TV screen. 3x USB 3.0 The hub solves the issue of insufficient ports on laptops and phones, allowing easy connection of multiple devices such as: external hard drive, USB drive, mouse, keyboard, webcam. It allows for watching movies/photos, reading documents from the external drive without connecting to the Internet on the phone, e.g., on a plane. *Transfer 5Gb/s is fast enough to move a high-resolution movie in seconds. RJ45 Port The adapter is equipped with an RJ45 port that provides faster and more stable internet access. It supports a 10/100/1000 Mb/s network connection - much more efficient than wireless networks. Perfect for downloading movies, transferring large files, or gaming. An ideal standby mode for laptops without Ethernet ports when wireless network fails. Charging Don't worry about sacrificing your only USB-C port. Thanks to the included pass-through port, you can charge the device while using other ports. Once you connect the adapter to the appropriate charger, you can quickly replenish your device's energy - without losing quality and gaining additional ports. Plug&Play The plug-and-play adapter works with all operating systems. It requires no software, drivers, or external power supply. A LED indicator will inform you of proper operation. Finish The adapter has small dimensions and a slim shape. It is made from a durable aluminum alloy that efficiently dissipates heat. The aluminum alloy not only offers high-quality appearance but also antioxidant properties and prevents rusting. The adapter has passed a series of safety tests and obtained numerous certifications. Built from high-quality components. World-class chips, state-of-the-art circuits, unique design, and a sturdy dual-layer coating ensure reliability and safety. The control chipset adjusts the current intensity to the device, protecting it from damage. It has multiple levels of protection - against overcharging, discharging, voltage spikes, overheating, overcurrent, short circuits, and electromagnetic fields. It provides complete protection for both the accessory and the phone.

Specification

Connector: USB-C (male)
HDMI (female)
USB-A (female)
USB-C (female)
Power: 100 W
Brand: Baseus
Colour: gray
Warranty: 12 month
