Kingston's Micro Select Canvas Select Plus memory card is compatible with Android devices and offers class A1 performance. Higher card speed and capacity up to 512GB1 speeds up application loading and allows you to save photos and videos. The Canvas Select Plus microSD card is characterized by tremendous performance, speed and durability. It is reliable in saving and processing photos and video in full HD. Kingston's Canvas Cards are subjected to rigorous durability tests in the harshest environments and operating conditions - so you can take them on the road and be sure that your photos, videos and files are safe. The cards are covered by a lifetime warranty.
