

Forever FM transmitter Bluetooth TR-360 black

GSM179081
5907457722347

The Forever TR-360 Bluetooth FM Transmitter is a reliable device that ensures comfort and safety while driving. Compatible with Bluetooth technology, it allows you to enjoy your favorite music and even make phone calls without the need to hold your phone in your hand. With a built-in microphone, you can freely conduct phone conversations while driving. The FM transmitter supports files in MP3 and WMA formats. It allows you to connect a USB flash drive to one of the two USB ports on the transmitter and read music from a TF card. The Forever TR-360 FM transmitter has as many as three USB ports - USB-A 3.1 A, USB-A 1 A, and USB-C 20 W, which enable fast charging of up to three devices simultaneously. This is the perfect solution for travelers who need to charge their smartphones, tablets, or other electronic devices while on the road.
