XO BCC17 FM transmitter is a device that will be useful for every driver who does not have a USB or AUX port in their vehicle. With a transmitter in the car, you do not have to worry about a dead phone, tablet, or other portable device. You can quickly and efficiently charge them thanks to the USB ports. With this product, you can also play music from your phone or even from a USB flash drive. Answer and reject calls, redial the last number, change the frequency, manage tracks, and adjust the volume - all with one transmitter.
