

# Waterproof bike frame bag with phone holder gray

OEM100509  
5900495925404

The waterproof bike bag allows you to use your phone or GPS comfortably while cycling, even in rainy weather. Mounting the bag is quick and easy, no tools required. Thanks to the touch-conductive foil, you can operate the touch screen without taking the phone out of the bag. The product can be mounted not only on the handlebars of a bicycle, but also on a pram, treadmill, motorbike or scooter handlebars. The bag has a special opening for the headphones. Size of the space for the phone 9x16 cm, window 9x15 cm.
