A waterproof bicycle bag allows you to conveniently use your phone or GPS while cycling, also in rainy weather. Assembling the bag is easy and - no tools are needed for this. Thanks to the conductive touch foil, we can operate the touch screen without taking the phone out of the bag. The product can be mounted not only on the handlebars of a bicycle, but also on a pram, treadmill, and the handlebars of a motorcycle or scooter, ensuring safety thanks to reflective elements. The size of the phone space is 18.5 x 9.5 x 3.5 cm.
