

Waterproof bike frame bag with shell sides and phone holder Forever Outdoor black

BIKE00038
5900495982285

"The Forever Outdoor waterproof bicycle bag allows you to conveniently use the phone or navigation while cycling, also in rainy weather. Reinforced"" hard-shell ""construction allows you to safely transport small items such as keys, multitool, clasp. Mounting the bag is easy and fast - no tools are needed for this. Thanks to the conductive touch foil, we can operate the touch screen without taking the phone out of the bag. The product is mounted on the bicycle frame, ensuring the safety of the phone being transported. Size of the phone space 17 x 9 cm, window 9 x 16 cm. Protection against water The ""hard-shell"" shell and a zipper with increased water resistance protects the contents against moisture and protects the phone and the contents of the clipboard from rain. Visor The raised guard provides protection from the sun and provides additional protection in the event of a fall. Headphone hole Allows you to safely use wired headphones while driving without compromising water resistance."
