

Waterproof bike holder BH-130 Forever Outdoor black

BIKE00040
5900495982308

"The Forever Outdoor BH-130 bicycle holder is the perfect companion for any bicycle trips and the waterproof structure ensures the phone's safe use also in the rain. Easy but solid mounting on the handlebar allows for trouble-free operation of the phone while driving. Conductive foil allows you to use the phone without removing it from the rain. The holder is rotatable, which allows you to set it in a convenient vertical or horizontal position. The case is tightly closed, thanks to which the phone is effectively protected even in the most difficult conditions. : Apple, Samsung, Huawei, LG, Sony, iPhone, Xiaomi etc. To connect the case with the holder, firmly insert the connection of the clasp into the connecting element on the case until the latches are engaged (until they click). The case is firmly and steadily held in the holder. Reliable The BH-130 holder is an excellent accessory that allows you to use the phone during any cycling trip, regardless of the weather conditions. The holder effectively secures the phone, and the flexible material holds the device firmly inside the case. Easy to use The holder is attached to the bicycle frame with a tightened clamp of a universal size, which stably holds the product while driving and allows for mounting on almost any size of the handlebar. Adjustable viewing angle The rotating head allows you to adjust the inclination of the handle, thus allowing you to adjust the appropriate viewing angle to your needs. Touch conductive foil Conductive foil, due to its good sensitivity to touch, provides easy access to all functions, such as maps, photos, videos, answering calls, etc. without the need to take the device out of the case. "
