DEVIA Star E2 are over-ear Bluetooth 5.3 OWS headphones, equipped with a portable charging case. Thanks to OWS (Over-ear Wireless Stereo) technology, both headphones connect wirelessly, creating a high-quality stereo set. The compact charging case not only replenishes the headphones' power but also ensures their safe storage in a pocket, bag, or backpack. DEVIA Star E2 OWS headphones allow for comfortable listening to music, internet radio, and hands-free phone calls - perfect for work, walks, workouts, or driving. They are compatible with most devices that support Bluetooth technology, including smartphones, computers, notebooks, and tablets running Android and iOS. With the built-in microphone, they enable voice calls with clear sound. The operating time on a full charge is approximately 720 minutes (depending on the volume level), made possible by energy-efficient Bluetooth 5.3 technology.
