Buy now

The Devia Smart M2 Metal headphones are in-ear wired headphones compatible with devices that have a USB-C port and do not have a 3.5 mm jack. The Hi-Fi sound quality will satisfy demanding audio enthusiasts who appreciate the musical qualities of tracks. Thanks to their ergonomic design, they can be worn for long periods without discomfort. The remote control allows for music playback and call answering. The metallic casing adds character, while the high-quality cable does not tangle or stretch. The headphones are available in black and silver.
