Defender Slide case for iPhone 15 Pro 6,1" black

GSM173898 5900495401090

Defender Slide is a reinforced case for smartphones that provides good protection for the device. The product consists of several layers that such and strengthen its construction. The case is made from PC, TPU, and features a built-in aluminum finger holder. The entire series has a movable camera cover that protects the lenses and ensures privacy. Additionally, raised edges protect the screen from cracking or scratching. The cases have necessary cutouts for ports and embossed areas for buttons. The frame has holes that allow for the attachment of a strap or lanyard. The Defender Slide case is compatible with magnetic mounts.
