MB Waves Leather, If you are looking for a case that stands out with excellent quality and combines classic design with modernity, the Mercedes-Benz MB Waves Leather series is the perfect choice. It offers not only top-level protection but also expresses your unique taste and passion for the Mercedes-Benz brand., Unique design, The case is made from black leather with a matte finish that combines elegance and modernity. Subtle, embossed lines give it a sophisticated character, adding depth and style. At the bottom of the case, a silver metal Mercedes-Benz logo is discreetly placed, symbolizing the highest quality and authenticity. This minimalist design will meet the expectations of even the most demanding users., Solid construction and perfect fit, The cases in this series are made from durable polycarbonate that reinforces the back of the phone, and flexible polyurethane that protects its sides. The slightly raised edges safeguard the screen and camera from scratches, while the precise fit ensures perfect adherence and full access to all device functions., Case produced under license from Mercedes-Benz.
