Leather Urban, If you are looking for a case that stands out with exceptional quality and combines classic with modern design, the Mercedes-Benz Leather Urban series is the perfect choice. It provides not only top-level protection but also expresses your unique taste and passion for the Mercedes-Benz brand. Unique design, The case features a combination of smooth and perforated eco-leather. The partially perforated leather shell gives a classic and elegant appearance while ensuring safety for your phone. The exclusivity of the collection is highlighted by the metal Mercedes-Benz logo, which is both a confirmation of authenticity and the highest quality of the product. Sturdy construction and perfect fit, The cases in this series are made of durable polycarbonate that strengthens the back of the phone, and flexible polyurethane that protects its sides. The slightly raised edges protect the screen and camera from scratches, while the precise fit guarantees perfect adherence and full access to all device functions. The case is produced under license from Mercedes-Benz.
