Blue Line Leather MagSafe you are looking for a natural leather case that impresses with its excellent quality and combines classic elegance with modern style, the Blue Line Leather MagSafe series is the choice that will meet your expectations. It is the perfect choice for all owners of devices with MagSafe technology. Unique design The cases from this collection combine luxury, functionality, and modern technology. Made of natural leather with a matte finish that gives it an elegant, subtle look. A delicate embossed blue line runs through the center, adding a modern character and unique dynamics, complemented by the Mercedes-Benz logo. Solid construction and perfect fit The cases from this collection feature a leather surface that provides a secure grip and increases resistance to drops and mechanical damage. The interior of the case is made of black matte polycarbonate, which protects the back of the device from scratches and provides additional cushioning. The sides of the case made from flexible material offer extra protection against impacts. The buttons blend perfectly with the overall design, ensuring comfortable and precise usage. Case produced under license from the Mercedes-Benz brand.
