

# Card holder with stand black

GSM170177  
5900495074942

The card case with stand is made of eco-leather, which guarantees durability and abrasion resistance. As a result, it will serve for many years, maintaining its elegant appearance. It has a magnet stand, which can serve not only as a stand but also as a holder. The attachment of the phone is done with 3M tape. This is not only secure, but also a very convenient way to attach the device to the ground. 3M tapes are known for their excellent adhesion, as well as ease of installation and removal. In addition, the case has a practical card slot, allowing you to store your card without worrying about it falling out. The cases are compatible with different types of phones, so everyone will find a product that perfectly fits their device.
