

Satin case for Samsung Galaxy S25 pink

GSM191988
5906961988348

The Satin series covers are versatile products available in trendy colors. Their surface has a satin finish combined with metallic elements. The aluminum frame around the camera cutout and the button covers are maintained in the shade of the entire cover. The Satin series is made of TPU material. The product is reinforced and provides good protection for smartphones. The covers have the necessary cutouts for ports and buttons. They do not increase the size of the device and do not limit the use of car mounts.
