

Satin Matt case for iPhone 16 Pro Max 6,9" black

GSM185404
5907457784147

The Satin Matt series covers are versatile products in trendy colors. The product is semi-transparent. The surface has a matte and pleasant to touch finish combined with delicate metallic elements. The aluminum frame around the camera cutout and button covers is maintained in the shade of the entire cover. The Satin Matt series is made of TPU material. The product is reinforced and provides good protection for smartphones. The covers have the necessary cutouts for ports and buttons. They do not increase the size of the device and do not restrict the use of car mounts.
