5907504520582

Shine is a classic transparent cover for smartphones with added glitter. It is a universal and aesthetic type of protection. Products made from TPU material look great thanks to the thicker frame. The Shine series consists of covers with a thickness of 2 mm. The lightweight and flexible product is perfectly fitted to the device. The case does not increase the weight or size of the smartphone. The protrusions on the buttons and precise cutouts for ports ensure comfort of use. Product features: - Shine cover with a thickness of 2 mm does not interfere with wireless charging; - The product is suitable for printing; - Effective protection of the smartphone against damage; - Safe use with car holders. It is not recommended to expose the case to intense sunlight for extended periods. UV radiation can negatively affect its appearance.
