Buy now

Shine is a classic transparent cover for smartphones with a glitter addition. It is a universal and aesthetic type of protection. Products made of TPU material look great thanks to the thicker frame. The Shine series consists of covers that are 2 mm thick. The lightweight and flexible product is perfectly fitted to the device. The case does not increase the weight or size of the smartphone. Bumps on the buttons and precise cutouts for ports ensure user comfort. Product features: - The 2 mm thick Shine cover does not interfere with wireless charging; - The product is suitable for printing; - Effective protection for the smartphone against damage; - Safe to use with car mounts. It is not recommended to expose the case to intense sunlight for long periods. UV radiation may negatively affect its appearance.
