

Tempered glass 2,5D for Google Pixel 10 / 10 Pro

OEM0200721
5907504513959

Tempered glass 2.5D with a hardness of 9H effectively protects the phone screen from damage. It ensures full image clarity and resistance to fingerprints and dirt thanks to an oleophobic coating. The glass is extremely thin (only 0.3 mm thick), allowing for full sensitivity of the touch screen after application. The adhesive covers the entire surface, eliminating the risk of dust and dirt accumulating under the glass, and the rounded edges increase comfort and safety during use. The product is dedicated exclusively to phones with flat screens.

Specification

Pcs. number: 1 pcs.
Set contains: wet wipe
dry wipe
Brand: TFO
Thickness: 0,30 mm
Hardness: 9H
Material: tempered glass

Attribute

- screen protection
