

Tempered glass 5D for Honor 200 Pro black frame

OEM0101386
5907457791923

Perfectly fitted tempered glass with a thickness of 0.33 mm guarantees an extended lifespan of the device. The glass features 100% transparency, extreme surface hardness of 9H, which is the maximum value on the scale, and high touch sensitivity. The glass has an adhesive layer over the entire surface, ensuring it adheres perfectly to the screen while not causing problems during removal attempts. The glass is designed with cutouts tailored to the specific phone model, perfectly fitting smartphones with rounded edges and protecting them thanks to its profile. The product is available in two color versions: black and white; they match the colors of the phone. The glass does not support the fingerprint reader.
