

Waterproof case floating black

GSM275018
5907674538646

The waterproof floating case for smartphones effectively protects the device from rain, splashes, and immersion up to 10 m. Thanks to the buoyant foam, the case floats on the water, making it easier to find. The transparent touch panel allows you to operate the phone's screen without taking it out of the case, while the secure clip protects the contents. It fits most smartphones up to about 6.9", including the iPhone 17 Pro Max, and the lanyard allows for convenient carrying around the neck or wrist.

Specification

Brand: TFO
Colour: black
Thickness: 1,80 cm
Material: ABS
foam
PVC
Packages type: pouch
Warranty: 12 month
Maximal diagonal of the device: 6,90 in.

Attribute

- waterproof
- catch closure
