5900495788092

Universal tablet case is a combination of functionality and style, designed for tablets with a diagonal of 9-11 inches. With precise dimensions (L27 x W20 mm), it provides a perfect fit and stable grip for the device. The case is made of durable materials that effectively protect against scratches, dirt, and light impacts. The interior is soft and screen-friendly, which increases daily comfort of use. The reinforced structure allows for safe carrying of the tablet in a bag or backpack. An additional advantage is the stand function, which makes working and entertaining with the tablet in landscape mode easier. The product is available in many color variations, allowing it to match the user's individual style. It is the perfect solution for those who value aesthetics and practicality in one accessory.
