LED Garden Garland 230V – warm atmosphere all year round Create a unique atmosphere in your garden, on your terrace, or balcony with this decorative light garland featuring large retro-style bulbs. The warm light of 2700K perfectly highlights evening gatherings, outdoor dinners, and summer parties, while the solid construction allows for use over many seasons. An ambiance that makes a difference Soft, warm light with a Warm White tint (2700K) provides pleasant lighting – it doesn't glare or tire the eyes. It's not just a decoration, but also practical lighting for your relaxation area. * Evenly spaced bulbs every 60 cm * Up to 7.2 m of cable length * Stylish large E27 bulbs * 850 lumens in total – perfect for relaxation and gatherings Designed for outdoor use The durable construction and IP54 waterproof rating allow the garland to be safely used on terraces, balconies, or in gardens – even during humid evenings. * Splash resistant * Strong cable * Durable sockets * Can be hung on wood and pergolas Expand your lighting as needed Garlands can be connected together – up to 10 sets in a single line, allowing you to easily illuminate both a small balcony and a large garden or restaurant patio. Interchangeable bulbs – match the style to the occasion The garland features standard E27 sockets, so you can easily replace the bulbs with others — no tools and no modifications to the installation required. In addition to classic warm light, you can use decorative E27 G45 bulbs in various colors (e.g., red, yellow, orange, green, blue, and others), creating an atmosphere suited for a party, holiday, or garden arrangement. One garland, many moods. Energy-efficient and safe * Power consumption of only 10 W * LED light sources * Max. 15 W per socket * Spare bulb included Ideal for: * Gardens * Terraces * Balconies * Parties and weddings * Gastronomic establishments Create your own evening garden atmosphere — without high installation costs.
