

Smart Carbon case for iPhone 7 / 8 / SE 2020 / SE 2022 black

GSM183047
5907457760523

The Smart Carbon case is a combination of modern technologies and functional design, providing comprehensive protection for the phone. Precise cutouts for the camera allow for maintaining excellent photo quality while effectively protecting the lenses. The special construction additionally safeguards the camera island against scratches and damage. The magnetic closure ensures security and stability while also allowing for easy opening and closing of the case. Reinforced corners increase resistance to drops and impacts, providing extra protection for the phone. Inside the case, there is a practical card slot, eliminating the need to carry a wallet. The stylish carbon fiber imitation pattern gives it an elegant and modern look.
