The Circle Mag case provides effective protection for the phone while maintaining its elegant design. Made from durable TPU material, it features high resistance to damage. Rounded corners effectively absorb shocks, and the raised edges around the camera lens further protect the camera from scratches. With a magnetic strength of 2100 Gs and compatibility with MagSafe technology, the case works with various magnetic accessories, ensuring stable attachment and comfortable use. The characteristic wave pattern on the surface gives it a unique look, and the anti-slip texture provides a secure grip in hand. The inner microfiber lining protects the phone's case from scratches and dirt, keeping it in pristine condition. Precisely cut openings for speakers, charging port, audio port, and buttons allow easy access to all phone functions. Additionally, the openings for a lanyard enable convenient carrying of the device always at hand. The Circle Mag case is available in a variety of color options, allowing for customization to individual style.
