

Acrylic Carbon case for Samsung Galaxy A16 4G / A16 5G black

GSM189141
5906961923882

The Acrylic Carbon case is a robust cover equipped with anti-slip edges that facilitate a secure grip and prevent accidental drops of the device in your hand or holder. Additionally, the back of the case is solid and durable, meaning that the phone will be well protected even during a fall. The camera island is further safeguarded by metal raised edges around the lenses, which protect them from scratches. The edges around the entire phone are made of TPU with anti-yellowing and anti-slip technology, meaning that they not only do not yellow but also provide a better grip. The textured surface additionally strengthens the case, protecting the phone from damage. The Acrylic Carbon case is made from high-quality materials, with precise cutouts for the ports. It features metallic buttons that allow for the use of all phone functions without any limitations. Moreover, despite its robust protection, the case does not significantly increase the size of the phone nor restrict the use of car mounts. With excellent craftsmanship and effective protection, the Acrylic Carbon case is an essential element for securing your phone.

Specification

- Compatible with MagSafe:** no
- Brand:** TFO
- Complies with:** Phones / smartphones/Samsung/Galaxy A16 5G
Phones / smartphones/Samsung/Galaxy A16 4G
