The Frozen Mag cover is an excellent protection for the device in any situation. Made of high-quality materials, it ensures durability, flexibility, and easy installation, meeting the highest protection standards. The matte finish on the back perfectly complements the phone's design, highlighting its original look without significantly increasing its size. The built-in magnet with a power of 1900 Gs provides great adhesion to magnetic accessories, supporting MagSafe technology. This makes wireless charging convenient and hassle-free. The cover is also compatible with other wireless chargers and car mounts, making it ideal for those who actively use their phones. Raised edges and a large cutout for the camera guarantee full protection for the camera island, shielding it from accidental scratches and damage. Access to all ports is ensured by precise cutouts and perforations for the speaker. On the side of the cover, there are holes for attaching a lanyard or strap, adding extra protection and convenience. The Frozen Mag cover is a combination of protection, style, and functionality that will meet the expectations of even the most demanding users.
