

Maxlife MXUC-02 magnetic cable USB - Lightning + USB-C + microUSB 1,0 m 2A black nylon

OEM001959
5900495828750

The Maxlife magnetic cable is an innovative and convenient alternative to classic cables that are inserted into the interface. The magnet attachment enables the cable to be attracted with optimum force. This guarantees a stable connection without interference. The cable is equipped with three different ends, up to the three most popular inputs: Micro USB, USB Type C and Lightning. It is safe and durable and additionally protects the charging port.
