

Universal neck strap for phones red

GSM109906
5900495928238

This versatile and practical corded phone lanyard is an indispensable gadget during summer holidays or trips. The 150 cm long cord can be easily adjusted, which makes it possible to use it in many different ways. This allows you to hang your phone around your neck or on your shoulder, while keeping your phone safe and accessible. The lanyard fits all phones that have a charging socket located in the middle of the bottom edge of the device. To use the lanyard it is necessary to have a phone case.
