BMW Silicone Pattern MagSafe is a high-quality case branded by BMW, combining elegance with functionality. The collection is characterized by an exclusive appearance and precise craftsmanship typical of the Bavarian automotive giant. The case is made of durable TPU covered with soft silicone, providing a secure grip and protection against damage. The interior is lined with microfiber, stabilizing the phone and protecting it from scratches. Raised edges protect the screen and camera, while flexible sides make installation easier. The case features precise cutouts for ports and button covers. The minimalist design highlights the large printed MagSafe ring, which not only adds decoration but also guarantees compatibility with MagSafe wireless charging. The magnetic ring provides stability to the device during charging, eliminating shifts. Product manufactured under license from the BMW brand.
