BMW Leather Half Textured & Circle MagSafe is a high-quality case branded by BMW. The collection combines elegant design with durability, drawing inspiration from the heritage of the Bavarian automotive giant. The production uses a hard polycarbonate back to protect the phone from damage, and flexible polyurethane on the sides, making installation easier and securing the device. The raised edges protect the screen and camera from scratches. The case is perfectly fitted, has button covers, and cutouts for ports. The Signature Leather Half Textured & Circle MagSafe stands out with its unique pattern – a combination of smooth and embossed cowhide leather, providing a secure grip and durability. The centrally placed ring adds a modern touch and allows for fast MagSafe charging. Completing the design is a subtle metal BMW logo, confirming the product's authenticity. The magnetic ring in a contrasting color ensures compatibility with MagSafe chargers, allowing for convenient charging without removing the case. The product is produced under license from the BMW brand.

Specification

- Pcs. number:** 1 pcs.
- Compatible with MagSafe:** yes
