BMW Leather Hot Stamp MagSafe, an exceptionally high-quality case, is branded by one of the most popular automotive companies in the world. The exclusive BMW case from the Leather Stamp collection is a hardcase made from natural leather, while the edges are crafted from flexible TPU, ensuring easy installation. The embossed vertical BMW logo and emblem mounted on the delicate leather make the Leather Stamps collection give each iPhone equipped with these cases an elegant shape. The collection is enhanced with a magnetic MagSafe ring, which is compatible with the MagSafe wireless charger, providing fast and easy charging. This stylish protective case is designed to safeguard the device while giving it a sophisticated appearance. The case is precisely tailored to the device and guarantees protection against scratches and impacts. The product is manufactured under license from the BMW brand.
