Spigen Ultra Hybrid is a case that combines protection and aesthetics, providing safety for the device without obscuring its original design. Thanks to the hybrid construction, which combines a flexible TPU frame with a durable transparent polycarbonate panel, the phone remains well protected against damage. Reinforced corners with Air Cushion technology effectively absorb shocks, protecting the device from the effects of falls. The slightly raised edges around the screen and camera safeguard them against scratches. Precise cutouts and button covers ensure full functionality and convenient access to all ports. This is the perfect choice for those who want to effectively protect their smartphone while maintaining its original appearance. Product features: - Original Spigen product - Hybrid construction (TPU + PC) - Transparent panel showcasing the phone's design - Reinforced corners with Air Cushion technology - Protection against drops and shocks - Perfect fit for the device - Full functionality and easy access to ports - Simple installation and removal Package includes: - 1 x Spigen Ultra Hybrid case
