Spigen Ultra Hybrid MagSafe is a case that combines the best features of protection and aesthetics, providing your smartphone with both safety and a unique look. With its unique hybrid construction (TPU + PC), that merges a durable frame with a transparent panel, your phone retains its original design while being effectively protected from damage. Reinforced corners with Air Cushion technology effectively absorb shocks, providing additional protection against drops. Slightly raised edges around the screen and camera protect these elements from direct contact with flat surfaces, and precisely made cutouts allow easy access to all ports, buttons, and
