

Maxlife car holder MXCH-01 black

OEM001521
5900495758217

A classic handle that fits many types of devices. It is very easy to use, one hand is enough, which positively influences what is most important while driving, or safety. The product allows free charging of the phone. The strong suction cup ensures stability regardless of road conditions. The wide adjustment range of the phone allows you to set the smartphone at a perfect angle in relation to the driver. Feel comfortable, safe and secure on the road with Maxlife MXCH-01.
