EA194

Devia EA194 car holder has an automatic clamping system thanks to sensors that detect the size of the phone. When the phone is placed in the holder, wireless charging begins. Wireless charging is provided by a 10W charger. The charger has a USB-C socket. 360° rotation and an adjustable arm allow for comfortable positioning of the phone and safe driving. The holder can be attached to the ventilation grille.

Specification

- Packages type:** box
- Input voltage:** 5 V (2 A) / 9 V (1,67 A)
- Output voltage:** 5W / 7,5W / 10W
- Brand:** Devia
