

LCD Display with touch screen iPhone 12 / iPhone 12 Pro Service Pack + black

OEM101579

Service Pack + is a refurbished original display. All components are original except for the protective front glass, which is a high-quality replacement. The screen has all the necessary elements for installation in a smartphone: - camera holder, - sensor holder, - speaker cover, - foam pads on the flex cables. The foam pads prevent the flex cables from bending too much and becoming disconnected during phone use.
